

The new Philips Sonicare FlexCare

The new FlexCare, the most effective toothbrush in the Philips Sonicare family, delivers improved plaque removal and advanced features.

Powered by our patented sonic technology, Sonicare uses dynamic cleaning action to remove plaque between the teeth and along the gumline. Sonicare gives you naturally whiter teeth and healthier gums. Guaranteed or your money back.

Significantly improved oral health, guaranteed

- FlexCare removes significantly more plaque than Oral-B Triumph and Sonicare Elite¹
- FlexCare is clinically proven to help reduce gingivitis²
- FlexCare is gentle on gums, as well as restorations, implants, and braces³

ProResults brush head for better tooth coverage

The new FlexCare ProResults brush head conforms to your teeth to remove more plaque with:

- Contour-fit bristles
- A wider bristle range for a broader sweeping motion

Plus, ProResults brush heads are easy to use and maintain.

FlexCare features can help improve your brushing habits

Modes and routines adapt to your brushing needs:

- **Clean** for everyday superior brushing
- **Sensitive** or **Massage** to meet your varying oral care needs
- **MaxCare** for a thorough full-mouth cleaning and massage
- **GoCare** for a quick clean between regular brushing

New brush head sanitizer

FlexCare also has a convenient UV sanitizer that kills up to 99% of bacteria and viruses* on your brush head.

The sanitizer is built-in to the charger base in select FlexCare models.

*E. coli, S. mutans and H. simplex.

Advanced features designed around you

NEW ProResults brush head
New brush head design delivers a broader sweeping motion for better plaque removal.

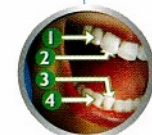

Two brush head sizes
Standard is ideal for complete cleaning. Compact provides precision cleaning.

NEW Multiple needs, one solution
3 Flexible brushing modes
2 Personalized cleaning routines

Quadpacer
30-second timer encourages even cleaning throughout your mouth.

Deluxe recharge gauge
Green light indicates battery charge and yellow light signals when to recharge.

NEW Multi-voltage compact travel charger
New compact charger lets you enjoy FlexCare while you're on the go.
